PRINCIPAL'S MESSAGE

DR. G. M . HELALUDDIN

It is an honor and proud privilege to be the Principal of Michael Madhusudan Memorial College, Durgapur. As an academic administrator, my motto is to spread the light of education at the heart of students. My target is not just imparting knowledge to the students, but to inculcate in them – wisdom, compassion and a humanitarian spirit along with discipline, values and integrity.

It is said **"*If you are planning for a year, sow rice; if you are planning for a decade, plant trees; if you are planning for a lifetime, educate people*"**. Indeed, one can even say that the quality of education will determine the density of the nation. I strongly desire to witness in my students an unparalleled knowledge base, a vibrant dynamism, an acute consciousness about the world around them.

I am optimistic that in near future the college will have more academic and research facilities increasing interface with emerging industries, diversified interdisciplinary activities, combining professionalism with human values.
